

CRAFT EXPERIENCE

THE AMAZING TUSCAN NATURE & the RESIN workshop

Periods: from January to July / from September to December

Dates: from Monday to Friday - 9.00 a.m. and 11.00 a.m.

Transport: Your own vehicles

An unusual craft production, which is beyond the Tuscan tradition from the processing point of view, but draws its inspiration just from the Tuscan landscape: household objects created by combining natural elements and a transparent resin. Wheat ears, leaves, flowers, grass blades and shells: we play with the colours of these elements in order to create unique objects which will preserve their Natural features forever.
